

PRODUCT DATA SHEET

Rea

“Rea is a little reflection of itself, a bending splitting amoeba. Or maybe the Enterprise from Star Trek, if designers were still allowed to be influenced by childhood dreams”. Neil PoultonA decisive yet soft gesture summarizes this small wall lamp, available in two sizes (120 and 170mm). two equal and perpendicular discs act as wall support and host the LED optics, which difuse indirect light with a 90% performance level.
